Excel Eltech Inc

EXCELlence in ELectronic TECHnologies

- ✿ *Authorized distributor for world class electronic component manufacturers since 1997*
- ✿ *Catering to the needs of OEMs in Defense, Aerospace, Military, Industrial and Commercial sectors from more than 29 years*
- ✿ *Direct buy from more than 300 worldwide electronic component manufacturers providing OEM COC and complete traceability*
- ✿ *3000+ design-ins*
- ✿ *We only supply new and original parts and strict internal QC procedures to ensure highest quality*
- ✿ *Extensive Inventory of Semiconductors, Connectors, RF&Microwave Components and a broad array of all other Electronic Components bought directly from world's finest quality manufacturers*
- ✿ *Design & Development, Modules & Sub-Systems manufacturing Services*
- ✿ *F&E operations to provide cost effective cross references and complete component engineering solutions*
- ✿ *3 global region operations from USA, Singapore & India to suit customer requirements.*
- ✿ *Excellent Service with competitive pricing and JIT delivery*
- ✿ *Highly Experienced Technical team and outstanding dedicated customer service.*
- ✿ *Testing : We offer development tools on a limited-time loan basis to support you*
- ✿ *We also provide components in die and wafer form, as well as coordinating wafer fabrication and packaging services.*

Excel Eltech Group

Excel Eltech Group delivers Electronic Components Authorized distribution, Field Application Engineering, design & development services and advanced module, sub-system assembly & manufacturing services, for a wide range of industries and next-generation applications. Three closely coordinated operating entities in the group, as shown below, bring together global component manufacturer's access with local engineering depth and supply-chain execution.

EXCEL ELTECH INC. USA · Est. 1997	EXCEL ELTECH INDIA PVT. LTD. India · Est. 2004	EXCEL ELTECH PTE. LTD. Singapore · Est. 2012
Headquartered in New Jersey, Excel Eltech Inc. is a leading franchised distributor representing several prominent electronic components manufacturers and manages the Group's critical business functions and strategic initiatives supporting operations in India and Singapore.	Headquartered in India, delivers end-to-end pre- and post-sales support, marketing services and field-application engineering (FAE) to meet local R&D, procurement and production requirements across the country.	A wholly owned subsidiary of Excel Eltech Inc. Serving as the APAC hub, it enables efficient procurement, warehousing and global distribution operations across the region.
